

WineTastings Britt Karlsson

Who does not enjoy a good bottle of wine? But wine is so much more than just a drink. You enjoy it much more if you know a bit about its region and history, how it is made and how to match it with food.

Wine Courses and Tastings

Learn about French wine regions, about matching wine and food, how to build a wine cellar, where to find the best value hidden treasures in France and much more. I do courses and tastings for beginners and advanced.
